**LETTER REGARDING INTERVIEW OF FEBRUARY 25, 2003**

Assistant Commissioner for Patents  
Washington, DC 20231

February 27, 2003

Sir:

The Interview Summary given to the undersigned correctly summarizes the interview. Additionally, as understood from the position of the Primary Examiner, a semiconductor of the reference would be very small in thickness, and accordingly, the tape of the reference would inherently provide reinforcement. The undersigned did state there was no evidence of this, and that inherency (implicit) cannot be based on probability or possibilities.

**CONCLUSION**

Should there be any outstanding matters that need to be resolved in the present application, the Examiner is respectfully requested to contact Elliot A. Goldberg (Reg. No. 33,347) at the telephone number of (703) 205-8000, in connection with the present application.

If necessary, the Commissioner is hereby authorized in this, concurrent, and future replies, to charge payment or credit any overpayment to Deposit Account No. 02-2448 for any additional fees required under 37 C.F.R. § 1.16 or under 37 C.F.R. § 1.17; particularly, extension of time fees.
